## JPA Lecture Series:

Daily at 1:00 pm

At the John Perry Academy, we strongly believe that a holistic approach to music is vital in nurturing a young musician. That is why we have invited world-renowned concert pianists, piano technicians, philosophers, conductors, and improvisers to give a lecture on their specialty, and then students are given the opportunity to ask questions and add to discussions. (We also invite parents to be a part of this enriching experience).

Lecture hour is open to public! (schedule TBA on our website)

## Additional Features:

- Daily Public Masterclasses by Concert Pianists and Piano Professors; open to public! (schedule TBA on our website)
- Student Performance Opportunities at prestigious concert halls
- An embracing, caring yet hard-working student life

## Also featuring the Junior Academy: a professional learning environment for young musicians!

Coordinator, Jean Schneider  
July 10 - 15

This segment of our Summer Piano Festival is entirely dedicated to nurturing, inspiring, and stimulating intermediary young musicians. We are completely revamping the program to include a holistic experience such as:

- Improvisation
- Composition
- Ear Training and Theory
- Piano Technology
- Stage Manner
- Instrumentation and Orchestration
- Masterclasses with Guest Artists every day

This is an exciting and fun week of lessons, classes, lectures and performances designed by our Director Mina Perry to expose these bright kids to a wide range of musical experiences.
